

# FOCH SUBMITS PEACE TERMS TO ENVOYS

## GERMANY GIVEN UNTIL 11 A. M. MONDAY TO MAKE THEIR ANSWER

Kaiser Making Last Stand With An Extraordinary Conference At Great Headquarters

### BULLETIN

LONDON, Nov. 8.—Prince Maximilian of Baden, the imperial German chancellor has resigned, according to a German wireless despatch picked up here tonight.

The wireless says that Prince Max tendered his resignation in view of the altered parliamentary situation, but that acceptance of it is still outstanding.

### BULLETIN

AMSTERDAM, Nov. 8.—The emperor of Germany has declined to accede to the demands that he abdicate, says a German wireless despatch picked up here tonight.

To the ultimatum of the Socialists the emperor replied thru Minister of the Interior Drows that he refused to abdicate voluntarily on the ground that he could not at the moment of peace undertake the terrible responsibility of handing over Germany to the entente and delivering up the country to anarchy.

### BULLETIN

PARIS, Nov. 8.—The journey of the German courier to Spa and return will require far more time than the distance indicates, because of the difficulties of the roads under present conditions. Therefore the receipt of the German reply is likely to be delayed a number of hours beyond the time possible under normal conditions.

WASHINGTON, Nov. 8.—The question of whether Germany will surrender immediately or wait to be crushed between the advancing allied and American armies on the western front and revolution at home, rested tonight with an extraordinary conference at German Great Headquarters. Marshal Foch has given until 11 o'clock Monday morning, Paris time, for the answer. At the conference the kaiser is reported to be, perhaps appearing for the last time as supreme war lord and, according to German wireless reports, defying the civilians who are seeking thru submission to the inevitable to save something out of the wreck of an empire. A courier was due some time during the night with the text of the American and allied armistice terms handed to the German envoys behind the allied lines this morning by Marshal Foch. He carried the word, sent ahead by wireless that the allied commander-in-chief had received a provisional cessation of hostilities and demanded an answer within seventy-two hours.

The American government was advised from Paris late tonight of the reception of the Germans by Marshal Foch at 10:30 o'clock in the morning and its result. Secretary Lansing immediately made the news public at the state department. Later unofficial information of the movements of the German courier and knowledge of the difficult roads over which he must travel for one hundred miles after leaving the allied lines, led to the conclusion that he could not get back with a reply before tomorrow even if not kept waiting for a decision. In the meantime the result is waited here with entire confidence and calm. American and allied military men say the end must come quickly one way or the other; that if the Germans are unable to agree among themselves and accept the allied terms the problem will be settled for them with no great delay. Some believe that acceptance is assured and will be hastened now that a final effort to quibble with hostilities stopped is ended on the theory that even the kaiser himself must realize that unless peace is made quickly that there will be no government in Germany to make it.

Revival in New York and elsewhere that premature peace demonstrations started yesterday by the false report of the signing of the armistice led President Wilson to direct Secretary Lansing to announce that as soon as any decision in regard to the armistice was reached it would be made public immediately by the government and that any statement that news regarding this even was being withheld was utterly false.

An interesting question was raised by the statement in the report to the American government on which Secretary Lansing based his statement that the German envoys came with full powers. Since the delegates did not use full power to sign or reject the terms and instead referred them to grand headquarters it was regarded here as certain that they came with the hope of accomplishing something more than the signature of an armistice.

It was believed their purpose was to inject matters which can be considered only at the peace conference.

It has been made clear, however, and emphasized today in official despatches from France that Marshal Foch's powers were limited strictly to the drastic military program prescribed by the supreme war council at Versailles.

## REGULATE SIZE OF TURKEYS

WASHINGTON, Nov. 8.—Turkeys sold for Thanksgiving will be larger this year than in previous years under regulations announced today by the food administration designed to prevent younger and lighter birds being marketed. Licensed poultry dealers are requested by the food administration not to buy hen turkeys of less than eight pounds weight nor toms weighing less than twelve pounds before December 7.

## PLAN ENLARGEMENT OF GREAT LAKES

GREAT LAKES, Ill., Nov. 8.—The Great Lakes Naval Training Station is to be larger than ever notwithstanding developments in Europe and plans are being made to care for more than 50,000 men at the station this winter, according to an announcement made today by Captain William A. Moffett, commandant. The announcement was made to set at rest rumors being circulated that the camp would not be as large as it is now after the signing of peace.

## GOOD WEATHER HELPS INCREASE BIG CORN CROPS

Preliminary Estimate of Production 2,749,198,000 Bushels

WASHINGTON, Nov. 8.—October weather conditions resulted in an increase of 30,000,000 bushels in the country's crop of corn. The department of agriculture's November crop report today placed the preliminary estimate of production at 2,749,198,000 bushels. While the crop is smaller in size than last year's, its food value is materially greater because the quality this year is more than ten points higher. With a wheat crop about 919,000,000 bushels which is some 100,000,000 bushels more than the average of the last five years and large crops of buckwheat, rye, rice, beans, potatoes, onions and cabbage the country's food crop this year have been bountiful.

The crop of tobacco is a record one by 70,000,000 pounds being 1,266,636,000 pounds this year.

A summary of the report by the bureau of crop estimates says:

"The almost ideal weather of October in the main agricultural areas of the country has resulted in an increase of the indicated corn crop by about thirty millions bushels with a quality of 85.6 compared with 75.2 last year and 82.8 average. The results in the southwest and the far west are not up to expectations. "While the absolute number of bushels is only 87 per cent that of last year the food value, because of the higher quality, is a much larger proportion. The absolute production is only a fraction of one per cent below the five year average. The stock of last year's corn remaining on farms is more than three times the amount of old corn on hand a year ago and in excess of the usual.

"Potato yields now reported confirm the earlier estimates. The summer droughts resulted in small size and reduced yields in the main producing areas. The crop now estimated is 11 per cent below the enormous crop of last year, but 8 per cent above the five year average being in size the fourth crop of record.

## Socialist Demand The Abdication of Emperor William

BASEL, Nov. 8.—The abdication of Emperor William and the renunciation of the throne by Crown Prince Frederick William before noon today were demanded in an ultimatum sent by the managing committee of the German Socialist party yesterday afternoon to Prince Maximilian of Baden, the imperial chancellor, according to the official organ of the Socialist party of Germany. The managing committee of the Socialist party considered the entire political situation and its decisions were embodied in the ultimatum which Philipp Scheideemann, Socialist member of the German cabinet without portfolio sent to Chancellor Maximilian. These decisions were:

First—The right of public assembly. Second—The military and police must be ordered to exercise great reserve. Third—The immediate transformation of the Prussian government in conformity with the views of the majority in the reichstag. Fourth—Greater Socialist influence in the reichstag. Fifth—The abdication of Emperor William and the renunciation of the throne by the Crown Prince.

The imperial chancellor was asked to reply before noon today, accepting the conditions. Otherwise the Socialists declared they would withdraw from the government.

APPEAL TO U. S. FOR AID New York, Nov. 8.—An appeal to America to assist France in her reconstruction—with men, money and ships—was made here tonight by Andre Tardieu, General Commissioner for Franco-American war affairs.

## WAR SUMMARY

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

The terms of the entente allies under which Germany may secure an armistice have been handed to the German delegates at French army headquarters at a little village in the department of the Aisne and a German courier now is speeding back to Spa, German headquarters in Belgium with the document. Seventy-two hours or until Monday morning have been given the Germans to accept or reject the stipulations. Emperor William is said to be at Spa awaiting the arrival of the courier with the momentous conditions. The German delegates it is said endeavored to secure an immediate provisional suspension of hostilities, but Marshal Foch refused to acquiesce.

Notwithstanding the fact that the abdication of Emperor William is generally believed to be conditional upon any terms of an armistice and the further fact that the majority parties in Germany demanded that he quit the throne and that the crown prince renounce his right to succession, the emperor has refused to retire.

Meanwhile thruout Germany revolt is in the air and the red flag is flying.

A republic has been formed in Bavaria, and in addition to Kiel, Hamburg and Schleswig, Bremen is in turmoil. Prince Henry of Prussia, commander-in-chief of the German fleet, the greater part of which is said to be in revolt, is reported to have fled to Schleswig.

On the battlefields the Germans everywhere are being harried backward to their borders. Tournai, an important railroad center in Belgium on the line leading to Brussels, has been entered by the British who are across the Scheldt with few barriers of great importance between them and Brussels. To the south of Valenciennes the British have taken Avesnes, another important railroad junction point and all along the front have pushed the Germans farther east. Maubeuge is being advanced upon by the British. The French again have cut deeply into the enemy's front. At last accounts they had reached Liart, twenty miles north of Reims on the railroad leading eastward to Mezieres. The taking of this town leaves only one railroad in this portion of France over which the enemy can retire. This is the Hirson line which is being daily brought nearer and now at some places is dominated by the French guns.

Eastward the French are still driving northward and have joined hands with the Americans in the western outskirts of Sedan. More prisoners and large additional quantities of war stores have been taken by the French. Friday saw little infantry fighting between the Americans and the Germans west of the Meuse but there were heavy reciprocal artillery bombardments. East of the river the Americans have cleared out several strong forest positions held by the enemy. It is reported that the roads from Stey, Sedan, Conflans and Longuyon leading to Metz are congested with retreating German troops and transports.

## RESTRICTIONS ARE PARTLY LIFTED

WASHINGTON, Nov. 8.—Partial relaxation in eastern states of the restrictions against the use of fuel generated light, effective next Monday, was announced tonight by Fuel Administrator Garfield.

In New England, New York, Pennsylvania, New Jersey, Delaware, Maryland, Michigan, Ohio and the District of Columbia, stores and shop windows may remain lighted when the establishments are opened and are required to be dark on nights only if the places are closed.

In Maryland, New England and the District of Columbia, however, use of fuel generated light for illumination, signs, ornamental or window display when the stores are closed still is forbidden while in Michigan and Ohio and any other state where the federal fuel administrator so directs the use of such light must be absolutely discontinued on Mondays and Tuesdays.

Over the rest of the country the state fuel administrators are given full discretion to enforce or extend such restrictions as are provided in the present regulations. Dr. Garfield said improvement in the east in the general supply of bituminous and steam anthracite coal had made the change in the section possible.

## TWO CHILDREN KILLED

Saratoga, Pa., Nov. 8.—Two children were killed and three others were injured at Olmstead here today when a large DeHavilland bombing airplane ran into a barn that had gathered to see it. The more persons were injured was due to Lieutenant Zeimer, pilot of the machine, who wrecked it to prevent sweeping the crowd.

## G.O.P. WILL HAVE MAJORITY IN NEXT CONGRESS

Republican Control of House By 45; Senate By 2

WASHINGTON, Nov. 8.—A Republican majority in the next congress of at least two in the senate and of not less than 45 in the house was assured from returns today from the scattering doubtful districts of last Tuesday's elections. Word from Detroit of the election in Michigan upon almost complete unofficial returns of Truman H. Newberry, Republican candidate for the senate over Henry Ford, Democrat, increased the Republican senate roll to 49—a bare majority. The Democrats have 46, with the Idaho contest between Senator Nugent, Democrat, and Former Governor Gooding, still in doubt. On the face of almost complete unofficial returns, Nugent had a majority of nearly 500, but Gooding has demanded an official count which will be made Nov. 15.

Returns from the last missing house district—the second Montana, where a Republican was elected to the seat now held by Representative Jeanette Rankin, unsuccessful independent candidate for the senate—were received today.

On the face of now complete unofficial returns the political line up of the next line-up is as follows:

Republicans ..... 239  
Democrats ..... 194  
Independent ..... 1

Prospect of holding not less than 49 seats in the senate, regardless of the outcome of the Idaho contest places the Republicans in a position to take control of the senate from the Democratic congress.

Expect Harmony in Both Houses. Republican control of both senate and house and harmony of action between the Republicans of both bodies are expected here to have much effect on legislative policies. Like the reorganization of the house Republican organization of the senate principally affects chairmanship and majority control of committees besides legislation. Seniority of service is the almost unbroken precedent in the senate, as in the house of electing committees chairman. With the Republicans adding intact their majority to organize the senate, Senator Lodge of Massachusetts under the seniority rule would succeed Senator Hitchcock of Nebraska as head of the foreign relations committee. Altho the belief here is that the peace treaty will be ratified before the Democratic control ends this committee will have many important after-the-war problems.

Heading the powerful senate finance committee with its jurisdiction over bond and tax legislation would be Senator Penrose, of Pennsylvania, in place of Senator Simmons of North Carolina.

Senator Warren of Wyoming is expected to head the appropriations committee of which Senator Martin of Virginia, now Democratic leader is chairman. Mr. Warren is senior member on the military and agriculture committees, but is expected to prefer the appropriations committee chairmanship.

The military affairs committee of which Senator Chamberlain of Oregon is chairman, is expected to go Senator Wadsworth of New York next in line after Senator Warren to secure the chairmanship.

Heads of Important Committees. The naval committee chairmanship held by Senator Swanson of Virginia is regarded in doubt. Ranking Republicans members are in order, Senators Penrose, Lodge, Smith, of Michigan, Page of Vermont and Poindexter. With Senators Penrose and Lodge heading the finance and foreign relations committees and Senator Smith, retiring, Mr. Page is next in line for the chairmanship, but is expected to prefer the agriculture committee chairmanship leaving Senator Poindexter to take naval affairs.

The judiciary and commerce committee chairmanships also rest upon preference finally made by ranking Republicans. Senator Nelson of Minnesota is senior on both.

If he should choose the latter, of which he was once chairman, Senator Dillingham of Vermont, who once headed the immigration committee would be in line for the judiciary body and if Senator Dillingham should prefer his old committee, Senator Brandegee of Connecticut ranks next for the judiciary leadership. The prospective festivities stocks of delicacies are being brought on from the city's cellars in readiness for feasting.

tion in line to take the commerce committee.

The interstate commerce commission with its jurisdiction over legislation affecting government controlled railroads and telegraph, telephone wires, falls to Senator Cummins of Iowa, as successor to Senator Smith of South Carolina.

## Other Important Committee Heads.

Besides these pre-eminent chairmanships, prospective chairmen of other important committees follow: Banking and Currency—Senator McLean of Connecticut, vice Senator Owen of Oklahoma. Privileges and Elections—Senator Kenyon of Iowa, vice Senator Pomeroy of Ohio. Manufactures—Senator La Follette of Wisconsin, vice Senator Reed of Missouri.

Post Offices—Senator Townsend of Michigan, vice Senator Bankhead of Alabama. Education and Labor—Senator Borah of Idaho, vice Senator Smith of Georgia.

Selection by the Republicans of a president pro tempore to succeed Senator Saulsbury of Delaware, who failed of re-election, is a matter of some speculation. Senator Lodge is scheduled to remain leader of the Republicans with Senator Brandegee mentioned for the honorary presiding position.

Senator Martin of Virginia, now majority leader is expected to head the Democrats again in the new congress with Senator Gerry of Rhode Island mentioned for the place of Democratic "whip" now held by Senator Lewis of Illinois, who was defeated.

## HEAD OF GERMAN MISSION BELONGS TO "SAME OLD GANG"

According to Statement Made by Deputy State Attorney General of New York.

New York, Nov. 8.—Dr. Matthias Erzberger, head of the German delegation sent to confer with Marshal Foch on the armistice terms, "belongs to the same old gang" that tried to put over German defeatist propaganda in Italy and France, according to a statement tonight by Alfred L. Becker, deputy state attorney general. The statement dealt with testimony taken here for the French government in the treason cases of Bolo Pasha and Senator Humbert of France.

Mr. Becker asserted that altho Germany is loudly proclaiming her "democratization she has sent the agent propagandist who with Von Jagow former German foreign minister, arranged for the disbursement of funds in Italy and France to purchase newspapers and influence political leaders." According to Mr. Becker, he established Dr. Erzberger's campaign with the defeatist plot partly thru Prince Kourou in Viora of Albania who came "his city about a year ago and partly thru Salih Gourdji, former head of the Ottoman Telegraphic News Agency in Constantinople who was forced out by German influence and is now living here.

While the price was in Switzerland in 1915, Mr. Becker said, Abbas Hilmi, former khedive of Egypt who was also at Lucerne received 2,000,000 marks from the German government for propaganda purposes, and sent a large part of it to Bolo Pasha.

"In November, 1915," said Mr. Becker, "Erzberger and Von Jagow received the conclusion that Hilmi was a grifter and Erzberger went to Lucerne and called on Hilmi. Up to then Hilmi had had 5,000,000 marks for propaganda purposes. Two millions of this had gone to Bolo, 1,000,000 had gone to Cavalline to corrupt Italian politicians and newspapers, and Hilmi had taken 2,000,000 as his commission. There was some argument over it, but in the end Erzberger gave Hilmi a receipt in full."

Mr. Becker also said Mr. Gourdji had told him Erzberger was in Rome prior to Italy's entrance into the war, consulting with Filippo Cavalline.

"Another scheme of Erzberger's was to buy the Paris Journal, Senator Humbert's paper," said Mr. Becker.

## PARIS THINKS DAY OF VICTORY NEAR

PARIS, Nov. 8. 1:20 p. m.—Paris is convinced that the day of victory is near and is preparing to bedeck itself on the arrival of the news of the signing of an armistice. Dealers are displaying bunting and flags of all the allied nations and numerous decorative devices, including shields of the allies' vari-colored insignia. Large American, British and French banners are on display. Everywhere eagerness is shown to hear the latest news.

As a further preparation for the prospective festivities stocks of delicacies are being brought on from the city's cellars in readiness for feasting.

## All November Draft Calls May Be Cancelled

WASHINGTON, Nov. 8.—Protest Marshal General Crowder called into conference today the heads of all departments of his office to discuss the probable suspension of the November draft calls under which more than 300,000 men have been ordered to army camps.

While Gen. Crowder would not discuss what recommendations he might make to the general staff, it is understood, that his advisers will advocate warmly withdrawal of the November call, at least if the Germans accept the allied armistice terms before the movement to camps begins.

With four million men already under arms overseas and at home the feeling is growing that no more artillery will be needed, even tho it may be a long time before American forces can be recalled from France and some additional men may be sent over.

Beginning Monday 252,000 men were ordered to proceed to camp before November 15, including suspended calls replaced in force. Whether that now can be stopped depends entirely upon the armistice progress, and the general staffs view of Germany's power of future resistance.

## PEACE WILL NOT CANCEL CONTRACTS

Government Contracts Must Continue Under Seal, Says Chairman Bureau of War Industries Board.

Washington, Nov. 8.—Chairman Baruch of the war industries board, authorized the statement tonight that the coming of peace will not result in immediate cancellation of war supply contracts but that contracts will be cancelled gradually as requirements are reduced making it possible to lift curtailments and restrictions upon ordinary industrial activities.

"For some time to come," said Mr. Baruch, "assuming the armistice will be signed for a period to be determined by the war making agencies of the government, government contracts must continue on a wide scale. This circumstance applies to a considerable share of present contracts.

"As the demand for raw materials is lessened by the reduction of war requirements and the cancellation of war contracts, and when such cancellations be made the raw materials so made available will be released and allocated by the war industries board for use in supplying civilian and export demands which are being held in check during the war. In addition to the ordinary commercial requirements there will be a heavy flow of materials thus released to supply the demand for great reconstruction work required by the European countries.

"At the same time there is to be a gradual lifting of the restrictions and curtailments that have been imposed upon industry by the exigency of the war so as to allow as promptly as possible free flow of all supplies into peace channels.

"The war industries board will continue to exercise its functions until the peace treaty is signed to the end that the readjustment of the matters on which it has been acting may be made in as orderly a manner as possible.

"A committee named by the president has been and is now at work to devise the best mechanism of bringing about the adjustments from a war to a peace basis. The report of the committee may take the form of suggested legislation.

"The whole effect of the readjustment plans will be to the end of bringing about necessary changes with as little dislocation as possible and the full opportunity for all to benefit as in the past by individual ingenuity, vision and fair dealing."

## WILL DECLINE TO RECOGNIZE TRANSFERS

LONDON, Nov. 8.—(British Wireless Service).—Sir Lansing Worthington-Evans, minister of blockade announced today that reminders had been sent to the governments of neutral countries that the British government had always declined to recognize any transfers of enemy tonnage made during war and that the neutral governments had been warned. His Majesty's government would refuse to recognize either during or after the war and such transfer to neutral flag or ownership made before the final conclusion of peace, except with special consent. The British government, the minister said, holds that the allies have a claim against the shipping of the central powers in view of their illegal submarine campaign and they don't intend to allow their claim to be defeated or prejudiced by any such transfer.

## FRANCO-YANKEES STILL ADVANCING AGAINST ENEMY

Several Miles Penetrated in the Meuse Sector

BULLETIN. LONDON, Nov. 8.—The British forces have crossed the Scheldt south of Tournai and occupied the western part of the city.

With the American Forces on the Meuse Front Nov. 8.—(By The Associated Press).—6 p. m.—The right wing of General Pershing's forces advanced today, pushing into the western edge of Eucurey wood and in the Woevre forest.

In the Eucurey wood region the whole line advanced cutting off the salient of the Bois de la Montagne, Harraumont and Banderiville.

In the Woevre forest sector it was patrols who penetrated the edge of the forest and they met with resistance. This section of the battle line contains vital by the last strong enemy defensive positions. His withdrawal far to the rear is practically certain. The balance of the front today continued to produce little activity, save that displayed by machine gun and artillery.

Advance 8 Miles. With the French Army 1. France, Nov. 8.—(By The Associated Press).—General Gouraud tonight holds the west bank of the Meuse river from Sedan to the outskirts of Mezieres, his troops during the day having made an advance of from five to eight miles.

Scores of villages were liberated and the French troops accomplished the signal feat of bringing up artillery and supplies over roads deep with mud and cut at many places by mine craters. The Germans showed more determined resistance as the river was approached and appeared to hold the east bank strongly with artillery and machine guns.

The advance of the French continued also on the left wing, increasing the menace to Hirson and Maubeuge.

Capture Several Towns. London, Nov. 8.—The capture of the important town of Avesnes and the occupation of the western portion of Tournai are reported in Field Marshal Haig's official communication tonight. Both north and south of Avesnes the British troops have passed the line of the Avesnes-Maubeuge road.

Continue to Press Enemy. Paris, Nov. 8.—French troops are continuing to press the Germans having driven the enemy from further large areas on the southern part of the battle front according to official communication issued tonight.

## SIX RAINCOAT CONSPIRATORS FREED

NEW YORK, Nov. 8.—The C. Kenyon YORP and six individuals and defendants were acquitted by a jury in federal court tonight on charges of conspiracy to defraud the government in the manufacture of raincoats for the United States army. The jury deliberated eight hours.

The individual defendants were Bernard Wolf, superintendent of the company's Brooklyn factory, and five other employees. They were charged with having conspired with the company to pass off on the government defective raincoats. It was asserted that some of the coats had been rejected by government inspectors.

## MISTAKE POISON FOR WHISKEY; TWO DEAD

Chicago, Nov. 8.—As part of the aftermath of yesterday's premature "peace" jollification, two men died today and a third may die as the result of drinking poison from a bottle they supposed contained whiskey. The tragedy occurred in the home of Herman Scharenberg, cashier of a bank at Morton Grove, a suburb, whose two guests, Edward Nieman and Frederick Tein are dead.

The Constitutional Amendment granting suffrage to women has been defeated in Louisiana.

Geography and history are being changed so fast in Europe that school book publishers are in despair.

Scott county has turned over a new leaf in the election of Republicans on the county ticket; they had a lot of men there who thought they owned the Democratic party, including the spoils, which may account for the turnover.

Over in good old Democratic Pike County the Republicans elected the county judge (not a lawyer), county clerk, and county superintendent of schools, the first time in forty years that a Republican has been elected to office in that county.

It is said that if Germany accepts the armistice terms that the provost marshal general will cancel mobilization orders. This will seem to civilians as the rational course, since 4,000,000 Americans, counting those overseas and in cantonments, are already under arms. That's a pretty good-sized army in itself, altho millions more of men are available if needed for the great cause.

### REMOVING THE BRAY

Modern science can do wonderful things for now it is even removing the bray from mules. Wallace Farmer calls this a rather mean trick but quotes the record made by a number of veterinarians in California. They gave a mule an anesthetic, cut

out the cartilaginous wall in his nose and found that thereby they could successfully take away his power to bray. Since braying, next to kicking, is the mule's chief means of expression it seems really cruel to deprive him of that accomplishment.

It sounds like a bit of irony—that statement that the Kaiser has patriotically refused to abdicate because he would not be true to Germany if he turned the government of that nation over bodily to the allied nations. And it may be that the refusal to abdicate means that the war is not over.

Farmers in this locality who do no think that they are prospering as much as should be true should compare their condition with those in some localities in the west. The branch office of the U. S. department of agriculture at Wichita, Kans., received a total of 8,000 applications for grain loans. The farmers in that locality borrowed more than \$2,000,000 from the government to aid them in the emergency caused by crop failures from the drought.

A Mitchell Palmer, who as alien property custodian has taken possession of German holdings to the value of \$700,000,000 wants to use this money in making good some of the losses suffered by American citizens as a result of German wantonness. This proposal is one which will meet with widespread approval and the hope that the government will authorize the custodian to take this action. This big sum, together with all interned German ships seized by the U. S., will nowhere near pay the heavy damages that citizens of this country have suffered.

### PROPOSES GOOD PLAN.

**MORGAN COUNTY SET EXAMPLE.**  
Many cities in Illinois at the recent election authorized the building of tuberculosis sanatoria in accordance with the Glacklin law. In this big movement in the fight against tuberculosis Morgan county was one of the pioneers, being in the first group where the voters authorized the levying of a tax for sanatorium purposes. It is a record of which the county can well be proud, for the war has served to emphasize the fact that tuberculosis is one of the greatest enemies of mankind.

The establishment of numerous anti-tuberculosis sanatoria may be counted as an after the war measure for there is some justification for the fear that some of the soldiers will come home from overseas with tubercular tendencies because of the exposure and hardship incidental to the service in which they have been engaged.

### GIVING THE SOLDIER HIS DUES.

If peace should come tomorrow the need for the United War work fund would be greater than ever before. The demobilization of the army will take, according to best of authority, at least a year and a half and thousands and thousands of American soldiers will be in Europe for months to come. Aside from the thought of protecting these soldiers from vice allurements sure to come in the after-the-war period, patriotism and loyalty certainly demand the appreciation of their service.

As Sergt. Smith of the Canadian army expressed it yesterday, "If peace comes you cannot merely say, 'Thank you' to these

soldiers and say 'Your tasks are done. You have accomplished what you were sent to Europe for and now we are greatly obliged to you.' No, the coming of peace, the accomplishment of the great task set for our soldiers in conjunction with the allied armies, should bring forth a great and substantial expression of appreciation, should strengthen our concern that the soldiers shall have everything of comfort and pleasure that money can provide. Our debt to these soldiers is great and the money we can contribute toward the United War Work fund will only be a partial payment on that debt.

### WILL URGE ECONOMY

The time was when a Republican billion dollar congress was the cause of continued campaign attack by the Democrats. This record has been so far surpassed by the Democratic congress in conjunction with war expenditures that one of the earliest activities of the next congress under Republican control will be to curtail expenses. This program is already being mopped out, especially since a conclusion of the war seems near at hand.

The appropriations for war purposes in the last two years have aggregated \$57,000,000,000 and with such enormous sums expended it is realized that there must be some radical curtailment of government operation costs in order to make taxation less burdensome. But even the war costs have mounted so enormously that the people of this country have what-ever satisfaction there may come from the realization that their war debt is insignificant when compared with the debt that the allied nations and the central powers have as a result of the conflict.

### WOMEN'S HELP IS ASKED.

An appeal to the women of Illinois to help keep the American flag flying on the seven seas, is issued by Edward N. Hurley, Chairman of the U. S. Shipping Board. This task can be performed by women by keeping public opinion aroused in behalf of the American Merchant Marine, after the war.

It is public opinion and the enactment of wise laws and "thinking ships" that will keep the American flag flying in foreign ports, Mr. Hurley says, and further points out that women can be preparing now for the great trade of the United States after the war by studying intelligently the country's maritime past and the reasons it disappeared from the ocean for two generations.

They can also study, he goes on, the new American shipbuilding industry created by the war and learn how the war is giving American ships once more. They can study other nations, their trades and languages and so help form the link of understanding which will keep peace between nations. They can assist greatly by learning the facts themselves and imparting them to others.

There are manifold difficulties in the way of reestablishing the American Merchant Marine, port terminal facilities, necessary changes in America's maritime laws, a foreign banking machine, and the opening of world markets. These, as Mr. Hurley suggests cannot be overcome in a day and it is not only a man's problem, but a woman's, for not only will the woman who is self-supporting stand or fall with the industrial conditions of the country, but the woman in the home will also benefit or suffer, according to the way in which the problem is solved.

The Merchant Marine belongs to the whole nation. It serves the whole nation, and not merely the people who live on its coasts; hence the task of maintaining it is a task of the whole nation, men and women alike.

## Rippling Rhymes By Walt Mason

### THE UNHAPPY BARD

Most workers pull down princely wages, reward of honest sweat; but still the bard and kindred sages must take what they can get. The man who comes to do my choring draws many bones a day, and at odd moments he is roaring, because of meager pay. At times I hire a learned mechanic to tinker round my car; his charges put me in a panic and change my soul a trifle. The butcher, grocer, and the baker have hiked their prices high; and I'm afraid the undertaker will skin me when I die. On everything the price is higher, except on deathless poems, and bards can hardly find a buyer for products of their domes. My wife declares she needs a bonnet, she's worn her lid three years, and I remark, "I'll write a sonnet, a thing of smiles and tears; and if it fetches in some plunder, a roll of good long green, you'll have a helmet that's a wonder, the smoothest ever seen." Then in the market place I flaunt it, among the shopping gents, but not a buyer seems to want it for more than forty cents. They've raised the price on hens and hearse, on all the things that grow, but soaring and immortal verses won't bring ten cents a throw.

## ELECTION TOTALS OFFICIALLY GIVEN

Canvassing Board Finished Work Friday Afternoon—Majority Favored Good Roads and Banking Law Constitutional Convention Proposal Lost.

The Morgan county election board which included Justices of the Peace Coons, Bayha and Opperman, in conjunction with the county clerk, finished the work Friday afternoon. There were very few changes in the figures as canvassed. The vote on representatives as canvassed shows comparatively little difference in the running strength of the four candidates.

The vote on public policy questions showed that the people of Morgan county went on record in favor of the good roads bond issue and for the adoption of the banking law, but that the constitutional convention proposal failed to carry. The votes cast on these propositions were as follows:

Constitutional convention—For, 2,843; against, 1,808; majority, 1,035.  
Banking law—For, 1,830; against, 1,627; majority, 193.  
Good roads—For, 3,642; against, 1,788; majority, 1,854.

While the majority of the votes cast was heavily in favor of the constitutional convention proposal, to carry it requires a majority of the total votes cast in the election. That number was 6,698 and the necessary majority 3,350.

### THE CHICAGO CELEBRATION

State's Attorney Carl E. Robinson was in Chicago Thursday and happened in the loop district when the peace story was published in some of the papers. He said yesterday that pandemonium ruled for nearly two hours and the people found various and always noisy means of expressing their joy. It so happened that on State street several young women were collecting funds for French relief. The peace talk touched the pocketbooks of the crowd and it was necessary for the girls to thrice empty the big bag which they were holding out to receive the coin. A dish pan was secured from a nearby department store and the coins taken from the flag contributions filled it several times.

C. & A. NEEDS FIREMEN

That business is good and men scarce with the Chicago & Alton road was indicated by the fact that the road is now advertising for men to take positions as locomotive firemen. It is understood that anywhere from twenty to thirty five firemen can be readily used. The fact that wages of firemen are now higher than ever before and that the Alton has a great many new engines will serve to make the jobs more attractive than in the past.

INFLUENZA CONDITIONS NOT IMPROVED

The influenza situation in Jacksonville showed no improvement yesterday, a total of twenty three cases being reported to the office of Dr. King, city health warden. This is practically a duplication of the health situation on Thursday.

In conversation with local health authorities on a day when Jacksonville and eighteen cases, Dr. Drake of the State board of health said the number was entirely too large in proportion to the population here and did not warrant any change in quarantine restrictions. The fact is that conditions have not improved this week and the continued vigilance of the people is necessary. There should be no let up in the observance of the rules laid down by the health department.

Invocation.  
God of the individual and the nation! Teach us how to pray that we may live as worthy citizens of your kingdom. In all the varied experiences of this age keep our heads level and our hearts warm. Amen.

Hymn.  
Jesus, where'er thy people meet, there they behold thy mercy-seat;  
Where'er they seek thee thou art found, and every place is hallowed ground.

For thou within no walls confined, inhabitest the humble mind;  
Such ever bring thee where they come, and going take thee to their home.

Here may we prove the power of prayer, to strengthen faith and sweeten care.  
To teach our faint desires to rise, and bring all heaven before our eyes.

Scripture lesson.  
"And when ye pray ye shall not be as the hypocrites: for they love to stand and pray in the synagogues and in the corner of the streets that they may be seen of men. Verily I say unto you they have received their reward."

But thou when thou prayest enter into thine inner chamber, and having shut the door, pray to thy Father who is in secret, and thy Father who seeth in secret shall recompense thee.—Matthew 6: 5-6.

Prayer.  
Our father and our God! We praise thee, thou God of love! We know you are interested in us for we have received your beautiful spiritual blessings. Often you have kept our eyes from tears, our souls from death and our feet from falling. Grant us such spiritual revelations that we may compel our lives to conform to your will. May your Holy Spirit lead us reverently into your presence that we may have knowledge, faith and love with which to fashion our lives that we may serve you acceptably.

Teach us that democracy is simply the teachings of Jesus applied to the normal affairs of men. Bless abundantly our boys who have served, fought and died for human liberty. Enter the homes from which our boys have gone and bring peace to anxious hearts. Strengthen the weak, comfort the sorrowing, forgive our sins and give us a spiritual blessing through Christ. Amen.

Hymn.  
There is a name I love to hear. I love to speak its worth; It sounds like music in my ear. The sweetest name on earth.

Jesus the name I love so well, the name I love to hear.  
No saint on earth his worth can tell, no heart conceive how dear.

Serman. "Prayer, James 5: 16. "The supplication of a righteous man availeth much in its working."

Each normal human being prays. Prayer is a natural function of the race. The man who does not pray is a monstrosity. It is as natural for the normal man to pray as for the state to shine or the flowers to bloom. It is a sad fact that often we do not pray until we suffer affliction, adversity or sorrow. A chaplain asked a soldier, "Do you ever pray?" He answered, "Yes, sometimes. I prayed last night before the battle, but I guess every fellow prayed then."

Prayer is more than a petition. It is a spiritual fellowship with the Divine. Prayer is the outbursting of a soul that is filled with praise, faith and love. Prayer is the spiritual expression of a heart that beats in harmony with the purposes of God. Prayer enables one to fight the Divine fire within the soul that burns the dross out of life. Your praying will make you stop sinning or your sinning will make you stop praying. I sometimes think that the prayer which cleanses and purifies is the prayer that is too sacred for any person to hear. Only God hears such a prayer.

If we do not pray daily we are living far beneath the level of our privilege. "More things are wrought by prayer than this world dreams of."

"Ere you left your room this morning, did you think to pray? In the name of Christ your Savior, did you sue for loving favor Ere you left your room this day?"

O how praying rests the weary, prayer will turn the night to day. Then when life seems dark and dreary, don't forget to pray."

Benediction.  
"May the words of our mouths and the meditations of our hearts be acceptable in thy sight O Lord, our Rock and our Redeemer." Amen.

**MUSTEROLE—QUICK RELIEF! NO BLISTER!**

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

LONDON, Nov. 8. (5:45 p. m.)—The French wireless service has given out a despatch sent by General Winterfield of the German armistice delegation to the German high command announcing that a courier, Captain Helfferich, will cross the lines between six o'clock and eight o'clock tonight and the French command has taken measures for his safety.

BASEL, Nov. 8.—The Berlin Gazette announces the inter-party committee of the reichstag has taken no decision respecting the question of the abdication of the German emperor, but that the majority recognizes the necessity of an early solution of the problem.

BASEL, Nov. 8.—A republic has been proclaimed in Bavaria at the conclusion of a great popular meeting yesterday says a telegram from Munich under today's date.

WASHINGTON, Nov. 8.—Again calling attention to the fact that the privilege of converting Liberty Bonds of past issues into 4% per cent bonds ends Saturday night, Secretary McAdoo explained today that bonds actually in direct transit to a federal reserve bank or the treasury department for conversion on Nov. 9 will be treated as presented on Nov. 9 and will be accepted for conversion.

### WAR PROGRAM NOT TO BE RETARDED

WASHINGTON, Nov. 8.—Secretary Baker today reiterated his statement that the war program of the United States had not been retarded in the slightest degree by the international situation.

"Not a single contract for supplies or munitions has been cancelled which would not have been cancelled if the armistice negotiations had not been pending," Mr. Baker said. "No orders affecting the draft have been issued."

The secretary said he would issue an immediate announcement dealing with any changes which would be made, as soon as official news was received of an armistice.

### ENVOY OF VATICAN ON WAY TO U. S.

Rome, Nov. 8.—Monsignor Bonaventura Cerretti, papal under secretary of state and former apostolic delegate to Austria, will leave next Wednesday or Thursday for the United States as special envoy of the vatican.

### FOUR SURVIVORS LANDED

Honolulu, Nov. 8.—Four survivors of the U. S. Shipping board steamer Damaru, which lightning struck and set afire, October 16, last, were brought to this port late yesterday on a government vessel which picked them up from a life raft 200 miles from the island of Guam, after they had suffered terrible hardships. They are the only known survivors of the Damaru's crew of 26.

### OPERATORS WILL BE GRANTED INCREASE

Washington, Nov. 8.—An order granting railroad telegraphers a general wage increase will be issued within a few days by Director General McAdoo. It was said today at the railroad administration. The advance is said to average about \$30 a month.

### U. S. PLANE MAKES NON-STOP RECORD

NEW YORK, Nov. 8.—A DeHavland airplane fitted with 400 horse power Liberty motor piloted by Signal Electrician Elmer J. Spencer and carrying Major M. J. Borts as a passenger established yesterday what is believed to be a new non-stop record for this country in a flight from Selfridge Field, Mount Clemens, Mich., to Yonkers, N. Y., more than 700 miles in four hours and thirty minutes. Leaving Mount Clemens at 11:40 a. m., they landed at Yonkers at 4:10 p. m.

The fact that the flight had been made became known today when starting for Mineola Field, Long Island, their machine struck a tree as it rose from the ground and was badly damaged. The aviators escaped uninjured.

An average speed of between 100 and 125 miles an hour was made in yesterday's flight with a maximum altitude of 9,000 feet. The route after leaving Mount Clemens was over Toronto then following the Adirondack, then the Hudson river to Yonkers.

### WAR WORK CAMPAIGN MUST BE SUPPORTED

NEW YORK, Nov. 8.—To guard against the demobilization period becoming one of mental, moral and physical slackness and deterioration in the American army and navy, the seven welfare organizations united in next week's war work campaign urged even more urgently than if hostilities continued the full support of the public. John R. Mott, chairman of the drive declared today. Not merely \$170,500,000 set as the goal of the campaign, but fully \$250,000,000 will be needed to serve the men in khaki and blue for the year or more that will elapse before they re-enter private life, he said.

## WITH THE COLORS

From Leo Cooney

The following letter has been received from Leo Cooney who is in England:

Somewhere in England.

Oct. 18, 1918.

Dear Mother and Father:—Mother, I guess you will receive our cards stating that we have arrived over sea O. K. and feeling fine. Had a pleasant trip on the boat. But the first three or four days I sure was seasick. No wonder the fish are fat in the ocean. About every fellow on the boat fed the fish for at least two days. But we finally got over the sickness and also mother I have lost my old croup I had to have at home every year.

Mother, Phil was telling me in his last letter that he had to go back to camp again, but haven't heard whether he had to go back or not and will you state in your next letter whether Dave had to leave or not.

I am very sorry that I am not with Tom any more since we reached England they took every company to a different camp but when we leave here we will go together with the battalion and then I will get to see him. But when he writes you, send me his address. But I will try and see him or locate him just as soon as possible. But mother the way the papers state over here that they think the war will be over before long.

Mother the Red Cross sure sure treated us fine, and also sure treated us fine, and also are doing good. I got a papa to tell Dunlap that we are covering the same territory that he did. And, also tell Duffner that England is sure a fine looking country, but will take the old U. S. A. for mine.

Your son,

Leo Cooney.

### LETTER FROM J. E. ELLISTON

Pueblo, Colorado, Oct. 28 1918

Dear Mother Freeman,

Your welcome letter received and was very glad to know that you had not cast me out of your life. Your letter found me well and doing as well as could be expected in these strenuous war times and I hope and pray this will find you all well and enjoying life to the utmost. It is rather cold here at present and it looks as if we will have some snow before long.

The Spanish influenza is on a rampage here and there are quite a few deaths here every day but as yet there are no colored among the number. Every church, school, theatre and pool hall has been closed to help keep the disease under control but they have not as yet succeeded in the attempt.

I have been working in the great Minneapolis steel mills here but I am leaving there to go to another place to work. The new place is in Maitland, Colorado and I will write you all about it in my next letter.

There is no colored band or orchestra here. I get very homesick for one at times. These people out here are very strange and are hard to get acquainted with. The people in Kansas City are just the reverse and when I was there I played in every band and orchestra of note in the city. I played most with the N. Clark Smith's concert band and orchestra and the K. of P. band of which Will Cooper was leader for a time and I was always the first chair trombone. I also played trombone in the best choir in the town at Bacote's Second Baptist church and say they had some choir too, also a large pipe organ and when your son would play a solo I would always take the lead. I left Kansas City with a show and came west and had my new silver plated and gold bell trombone stolen from me in Kelly, New Mexico by a — (please excuse the expression) that was with us and then I came to this place and not long after I bought another and still have it. It is much better than the other one and cost me \$72.00. Well not so long after this the United States entered the war and I enlisted, was made a sergeant and then was made first sergeant in our company, 'B' and 'A' Company of Denver (the only colored in the regiment, the others being white.) We were put on detached service and then I was sent to the front. I had the mountains hunting and fishing in the river. I had the good fortune to kill a deer but never saw any bear, but there were plenty around where we were at also plenty of mountain sheep, but as it would only cost \$100.00 to kill one, I never cared to kill a sheep. I saw some beautiful places and scenes in the mountains of New Mexico and Colorado. There were quite a few scenes to be seen in the states of Texas and Oklahoma, but the white people of these states were not as friendly as in the other states, as you might know. I could never begin to tell you all in this letter that I saw in my travels but I will leave it for some other time. After I came back to Colorado I was sent to Camp Lewis American Legion Washington to take up my duties of being a soldier for Uncle Sam and after I was there about four days I was discharged on account of a bad left ear. This after I had passed the examination in the 24th Infantry band, then stationed at Camp Furlong, Columbus, New Mexico and they had some band too. All were sorry to see me go but I thought I would have a fine chance to become an officer in the drafted army with the result that I was discharged from the draft but now I have been placed in class 1A again but it is in limited service and am looking to be called next month.

Talk about beautiful sights, I shall never forget the ones I saw

on the way to Camp Lewis. The Columbia river in Oregon is the most beautiful I ever hope to see and then there was Mount Ranier in Washington 14,363 feet above sea level. It was one of the prettiest mountains that I ever saw, not excepting these here in Colorado, of which Pikes Peak is 14,147 feet above sea level, and then there is Mount Holy Cross that has a perfect cross near the top, hence the name. I also made many trips thru the famous Royal Gorge of this state. There are places where the trains are between walls of rock thousands of feet high and the sun does not shine in the gorge in places but two hours a day and so you know it is cold. I had charge of the detachment of soldiers that guarded the tunnel drive in Canon City, the home of the State prison. This tunnel was made by the convicts and is considered one of the scenic marvels of Colorado. So you see, mother, your son has traveled quite a bit since you last saw me and if I attempted to tell you all of my experiences (some good and some bad,) it would take a small sized book.

Please give my regards to Dr. Kennibrew and wife, Mrs. Young and husband, Nettie and her babies and to everybody that I knew in old Jacksonville. And don't forget Jessie Banks but don't tell her I said so if she is married or engaged to anyone.

Did Josephine Haskell ever come back to Jacksonville. Well mother, as it is growing late and I am a little tired from my labors, I will close for this time, hoping to hear from you real soon, with love to you and big Free, I am lovingly yours,

James E. Elliston.

### AT SCHOOL FOR BLIND

Sergt L. W. Smith of the Canadian army who is here to assist in the United war work campaign addressed a meeting of pupils and employees at the School for Blind Friday morning. The pupils sang a number of patriotic songs and Miss Rebecca Scheibel gave as a solo "Keep the Home Fires Burning". After the address by Sergt. Smith the war cause was presented by Supt. Woolston.

### MISS MOUNT HERE FOR BRIEF VISIT

Miss Lucy Mount, who is in the Red Cross nursing service, will spend Sunday at the home of Mrs. Carl E. Black. For several months past Miss Mount has been on duty at the base hospital at Nitro, West Va., and after a very strenuous period of service there was granted a ten days' furlough. Miss Mount has been visiting relatives at Lincoln and yesterday was at the home of her sister, Mrs. Frank Brown, of Concord.

St. Louis, Mo., Nov. 8.—Alexander Matthews, 67 years old, fell dead while marching in a parade caused by the fake peace news at Marissa, Ill., near Belleville last night.

### KANSAS CORN CROP POOR.

Topeka, Kans., Nov. 8.—The 1918 Kansas corn crop estimated at 49,046,296 bushels, is only about one third of the average Kansas crop and with the exception of 1913 it is the smallest corn crop the state has produced in the last forty years, according to the November crop report issued today. Average yield of corn was only eight bushels per acre and the total acreage in the state this year is estimated at 6,130,662.

### THE WHEAT OUTLOOK, the report states, has not been equalled since 1913 and at present is better than that year.

## How Weak, Nervous Women

## Quickly Gain Vigorous Health

## And Strong Nerves

7 A DAY FOR 7 DAYS

A vigorous, healthy body, sparkling eyes and health-colored cheeks come in two weeks, says discoverer of Bio-feren.

World's Greatest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long for.

It is safe to say that right here in this city are hundreds of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all plentifully supplied in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonates; Manganese Peptonate; Ext. Nux Vomica; Powd. Benlian; Phenolphthalein; Oleoresin Capsicum; Kolo.

## WILL PUSH WAR WORK CAMPAIGN VIGOROUSLY

Committee Decides that Plans for Raising Funds Must Proceed at This Time.

A meeting of the executive committee of the United War Work campaign was held in the Ayers National bank building Friday afternoon at 3:30 o'clock. Those present were C. H. Rammelkamp, M. F. Dunlap, J. R. Barker, F. J. Waddell, T. A. Chapin, H. M. Capps, Henry Frisch, J. J. Reeve, H. J. Rodgers, John W. Merrigan, Miss Lydia Parrette, Miss Amy Onken, Mrs. Paul Samuel and J. S. Findley. After a full and frank discussion as to whether or not the campaign should be postponed because of health conditions it was decided to go ahead with the campaign. The following telegram was received from district headquarters in reply to a question concerning postponement sent in by Dr. Rammelkamp:

"The national headquarters have decided the campaign cannot be postponed. No other counties requiring it. With authority of county council of defense to hold meetings do not believe handicap severe."

"P. M. Deerbake, State Manager Campaign."

The following letter was received a few days ago addressed to Mr. F. M. Deerbake, director of the campaign for the state:

In formulating rules and regulations for the control of the epidemic of influenza it has been the policy of Illinois state department of health not to interfere with such public gatherings or campaigns as are in the interest of the successful prosecution of the war. There is no prohibition against such gatherings or campaigns so far as the state regulations are concerned. This policy has received the unanimous endorsement of the Illinois Influenza-Pneumonia commission and the state health authorities have agreed that all local health authorities also adopt this as their local policy.

It is my judgment that the United War Work campaign falls within the category of public gatherings and campaigns essential to the successful prosecution of the war.

Very sincerely yours,  
C. St. Drake,  
Director Public Health.  
After considerable discussion of these two messages and the problem confronting the committee of the postponement of the date for the campaign, it was taken by consent that the campaign should continue on the dates specified, Nov. 11 to 13, but it was the sense of those present that precautions should be taken as far as possible to prevent any spreading of the disease. H. M. Capps made a motion seconded by Mr. Merrigan, that the noon day luncheon during the campaign week be abandoned until the ban is lifted. The motion was carried.

Would Placard Houses.

After discussing the problems of solicitors visiting homes which may contain influenza patients motion was made by Mr. Capps and seconded by Mr. Reeve that the health authorities be requested to placard the homes reported to have influenza cases and that the committee assist in this work. The motion was carried. After considerable discussion regarding the beginning of the campaign and the success of it, it was decided to hold what is commonly known as the "kick off" meeting. This meeting is the one in which instructions are given to the workers, details of the campaign are explained, special speakers give information and inspiration to the workers before the campaign really begins. It was moved by F. J. Waddell and seconded by Mr. Reeve that the "kick off" meeting be held Monday evening, with supper at his already been planned and the motion was carried. At this meeting Mr. O'Hagan, special speaker, will be present and give an address pertaining to the necessity of the war work campaign and the services that these agencies are rendering at home and overseas.

Chairman Rammelkamp requested that a committee of three be appointed which should have authority in allowing bills and adding accounts. Upon this suggestion it was moved by Mr. Reeve that an auditing committee composed of three, including the chairman, be appointed by the chair. The following were appointed: Dr. C. H. Rammelkamp, W. G. Goebel and John W. Merrigan. It was agreed that the names of the contributors and the amounts be published as they were reported.

Campaign Reasons:

In deciding to continue the campaign now the following arguments were considered.

In the first place the campaign plans have been carried so far with the advertising and organization that it would seriously handicap the campaign to postpone it.

Next, many men of business affairs have arranged to give this time for the campaign, where postponement might make it impossible and would lead to the disintegration of the organization as now set up.

The enthusiasm of a united effort would be lost and the fact that this county would be the

**MEMORIAL PROGRAM**

**CENTRAL PARK TODAY**

The public is again reminded of the United War Work memorial meeting which will be held this afternoon at 2 o'clock in Central park. The speakers will be Sergt. Smith of the Canadian arm and Horace H. Bancroft. Members of the S. A. T. C. unit at Illinois College will march to Central park for the meeting following the parade drum corps. The general arrangements are such that the whole meeting promises to be of a very impressive kind. As previously stated, a temporary shaft will be dedicated in honor of the Morgan county soldiers who have fallen in this war. The list as already published should have included the name of James Cully, who was the first of Morgan county men in the service to meet death.

**MRS. DUBIEL ADDRESSES MEETINGS HERE**

Mrs. Jean Dubiel, who under the auspices of the state council of defense made several addresses in Jacksonville, will speak here again today and leave on an afternoon train for Alton. Yesterday afternoon Mrs. Dubiel spoke to a company of women at United War Work headquarters on South Sandy street, and in the evening was heard by young women at Academy hall. This morning she will speak at the chapel exercises at the Woman's college and this afternoon at 2 o'clock at the recital of the Episcopal church. The number of women admitted to this afternoon meeting will be 100. Although there is a capacity of 150, it is deemed best to make the limitation indicated.

A war work meeting for Lynnville school district will be held Sunday afternoon at 2:30 o'clock in accordance with arrangements perfected by C. H. Gibbs. This meeting will be held in the school house yard and the speaker will be Horace H. Bancroft. All school directors and the people generally in Lynnville district are most cordially invited to be present.

## WAR FACTS FROM FRONT HEARD BY ROTARIANS

Mrs. Jean Dubiel Told of Experiences in Belgium Following German Occupation — Lieut. Smith Emphasizes Need of War Fund.

The war work campaign was the matter of supreme interest at the Rotary club luncheon at the Pacific Friday noon. The club members had the pleasure of listening to Mrs. Jean Dubiel, until recently of Brussels, Belgium, and Sergt. Smith of the Canadian army. Both of these visitors have come to Jacksonville to aid in the United War Work campaign. Mrs. Dubiel was for a period of years with her husband a resident of Brussels and was there when the war broke out. During two years succeeding she engaged in Belgian relief work and in her address yesterday she gave a most vivid picture of the horrors that followed in the wake of German occupation. The speaker left no detail unspoken or suggested and yet the very disagreeable subject was handled with exceeding deftness of speech. Mrs. Dubiel said:

**When War Began**  
"While no doubt those in diplomatic or government circles knew something of the possibility of the war before it came, to the average citizen it was like a stroke from the sky. We who were in Brussels that day will never forget the picture of the little Belgian army as it marched away a few hours after the announcement. We knew then that the men, though well trained, were slight of stature but we did not realize until afterward the kind of foe against which they were to be pitted, soldiers to say nothing of their stature and strength, pouring in in great hordes and outnumbering the Belgian forces hundreds to one."

"In the European countries the German soldier is rightly known as the 'mad dog of war.' It seemed to me that when a German citizen once dons the uniform of a soldier that he immediately becomes a savage and is bereft of all the finer qualities that he may have once possessed. I could tell you stories of the most extreme ruthlessness and cruelty from personal observations. But the wanton destruction of property and life is really beyond description. Some of the money loss inflicted upon the Belgian and French people can be paid back but nothing can restore the lives lost and it will take years upon years to remedy some of the destruction done. Paintings, tapestries that have been destroyed of course cannot be replaced."

**Wanton Devastation**

"I know in one instance where a German general, one who had generally stood well in the estimation of the people, with his staff forcibly occupied the handsome home of a prominent Belgian citizen. This man had been a collector of fine china and had hundreds of pieces of china of almost priceless value. It was a regular evening occurrence for these officers when they were flushed with wine to destroy parts of this rich collection. Then when the china had all been shattered they turned their attention to the other rich furnishings of the house and piece by piece it was all broken beyond repair. The pleadings of the host were in vain and as a final act the owner himself was compelled to light the fire that consumed his life's treasure for an explanation of such a course this general declared that his soldiers must have some form of amusement."

"German occupation in Belgium and France has meant the carrying away of all worth while property. The clothing of the people, the furnishings of their homes, the goods from their stores are all carried to Germany. I was in a Belgian city on one day when 700 pianos taken from the homes of residents were hauled away into Germany for distribution there. In the destruction of property early attention was paid to vineyards and orchards which represent the growth and cultivation of many years. The vineyards in that locality have long been famous and the vines are said to have attained their excellence because of the development thru a period of 200 years. These vineyards and orchards, which it has taken many decades to grow, have been chopped down and uprooted in a way to make it certain that they cannot grow again."

**War Against Women**

"The same disregard for physical property is shown toward human life. War in Belgium has been a war against women and children. The men front where they were killed or they are still fighting. But the women were left at home for oppression and indignities. Never since the war began have the people of Belgium had enough food. The supplies which America sent and which came from other sources have been enough for not more than a few months but not enough to give the normal strength. Women in Belgium have been forced by thousands to do the hardest and most menial kinds of labor. They have been carried off by thousands across the German border to work in munition factories and then as soon as their little strength has waned so much that they were not able to work, they have been returned, often inoculated with tuberculosis or typhoid fever, to die. But the greatest sorrow that has come to them is that of enforced motherhood and there are thousands upon thousands of Belgian women and girls who today can testify to that indignity."

"It is said on good authority that the male children so born are today being cared for in institutions in Germany to provide soldiery for another war at a later date. I have seen children in these occupied towns shot and in one instance beheaded, and I have witnessed other cruelties which seem almost unpeakable."

### A Great Task

"In the building up of these countries after the war is over, has it ever occurred to you what a long process will be necessary, for the Germans have not only ruined the orchards and vineyards, cut down trees and damaged other vegetation, but they have also done vast harm to the land itself and it will be a long time before some parts can again be made available for agriculture. In miles and miles of territory this land has been mined just as is done in the sea at many points and it must be cleared of these mines by men experienced in the work before agriculture can be followed."

"I could go on talking indefinitely about the sorrows and sufferings that this war has caused. It is, as I have said, a war against women and children and you know that your soldiers are over there fighting in behalf of womankind and humanity. Clearly it is our duty to support and aid them in every way and there is abundant testimony of how much this united war work means to these soldiers of ours."

Sergt. Smith, who served for more than two years in the war in the ranks of the Canadian army and was invalided home after the battle of Ypres, made a most interesting address based upon his personal experiences at the war front. He indicated the speed with which men were taken into the service at the beginning of the war by a statement that he applied for admission one day, was accepted the next, equipped on the third day and two days later was on board ship to be taken overseas; a month's training in England and then to the battle line in France.

**Aiding the Soldiers**

The sergeant gave a description of trench warfare with its hardships and pleasures and then led up to the point showing how clearly related to the soldier's physical and mental strength are the war activities. "One can hardly appreciate what these activities mean to the soldier unless he has actually been at the front and has seen how intimately that service touches the soldiers at the time that it is so much needed. Even if peace comes now there must be a continuance of that work for at least a year and a half for the period of demobilization will be long and a great deal of work is still in prospect for our soldiers."

"You have taken these men into the service. They have gone in willingly to fight the battles and you in your war work have contributed to their happiness and morale. Now if the war is over you cannot simply dismiss them with a wave of the hand and a 'Thank you' for the work that they have done. You cannot say 'We sent you overseas to bring peace and now you have brought it we are very much obliged.' No, after peace declaration we have still more reason for doing our utmost for these soldiers who have borne the brunt of the battle. There will be continued need thru many months for M. A. and associated activities in Europe and in the cantonments here."

At the conclusion of Sergt. Smith's talk Dr. C. H. Rammelkamp in a brief way told of campaign plans and urged the hearty co-operation of all members of the Rotary organization.

### GO ON STRIKE

London, Sept. 28.—A strike of priests, in Moscow was one of the incidents of Bolshevik rule. Bishop Andronic, of the Pern diocese, a man of considerable influence among the Russian clergy, had been arrested for his outspoken opposition to the Bolshevik regime and all the ecclesiastics in that district went on strike against his imprisonment. They refused to perform the services their office required, and the devout muzhiks and townspeople were greatly mortified. A number of striking clergymen were arrested, charged with counter-revolutionary activity.

After a thorough examination by a local commission for the Suppression of Counter-revolution, Sabotage and Speculation, they were released upon signing a pledge that they would never take part in agitation against the soviet government nor in connection with the arrest of the Bishop. What became of the Bishop and how the strike ended, has not been learned.

Mrs. H. M. Patton, Waverly, Mo., writes, "I fed 2 boxes of 'More Eggs' to my hens and broke the egg record. I got 1500 eggs from 160 hens in exactly 21 days." You can do as well. In fact, any poultry raiser can easily double his profits by doubling the egg production of his hens. A scientific tonic has been discovered that revitalizes the flock and makes hens work all the time. The tonic is called "More Eggs." Give your hens a few cents' worth of "More Eggs," and you will be amazed and delighted with results. A dollar's worth of "More Eggs" will double this year's production of eggs, so if you wish to try this great profit maker, write E. J. Reefer, poultry expert, 4088 Reefer Bldg., Kansas City, Mo., who will send you a season's supply of "More Eggs" Tonic for \$1.00 (prepaid). So confident is Mr. Reefer of the results that a million dollar bank guarantee if you are not absolutely satisfied, your dollar will be returned on request and the "More Eggs" costs you nothing. ## OBITUARY

Our community has been saddened by the death of Miss Nellie Cashin, which occurred at the home of her father, after a few days' illness of pneumonia following influenza.

Nellie, second daughter of Michael and Cassie Cashin was born near Jacksonville, November 27, 1901, and departed this life in Yatesville, Ill., November 2nd, 1918, being at the time of her death 16 years, 11 months and 5 days of age. She leaves to mourn her loss, her father, Michael Cashin of Yatesville; three sisters, Margaret, Marie and Clara, and one brother, Edward, all at home, besides a number of other near relatives.

Deceased was a young woman who by her sweet and affectionate nature won and retained the friendship of all who knew her. She had spent most of her short and useful life in the Yatesville community. She attended the public schools and graduated from the eighth grade in June, 1915, winning a three years' scholarship at Normal, but on account of her unselfish disposition and her consideration for home and loved ones she denied herself this opportunity. For the last year or more she has made her home with Mrs. Mary Davin, near Pleasant Plains, where she will be mourned for and missed as one of the family.

On hearing of the illness of her mother and other members of the family, she came without delay to share the household cares with her sisters. She had been home but a few days when she was stricken with influenza. She seemed to be improving when a terrible shock came in the death of her mother. In grief and excitement she suffered a relapse and pneumonia soon developed. A competent nurse was secured, Dr. Harris and Dr. Baines were called and everything possible was done to relieve her but to no avail, and in just eight days after the death of her mother, with a kind word and a smile for all and a prayer on her lips she passed into the Great Unknown. The father and remaining children have the sincere sympathy of the entire community.

Deceased was a member of St. Augustine Catholic church of Ashland, where she was ever a faithful attendant.

Short but impressive funeral services were held at the Ashland Catholic cemetery, conducted by Rev. Father Murphy, Sunday afternoon at 2 o'clock, after which the remains were laid to rest by the side of her mother. The bearers were James and Michael McGrath, Howard and Harold Farmer, Patrick Kavanaugh and Olen Green. The many and beautiful flowers were tenderly cared for by Mrs. Edward Farmer and Miss Edith Fanny. Those who attended the funeral from a distance were: Mr. and Mrs. Louis Hebert and son Harry and Emmett Ashbaker of Mt. Sterling, James and Michael McGrath of Murrayville.

A sweet and cheerful girl has left us.

Left us, yes, forever more, But we know we will see our loved one Over on that shining shore.

The home is said and lonely Since Nellie went away, Tho we know her home in heaven Is as bright as a day in May.

Her sweet and gentle voice is hushed, Her dear, true heart is stilled, A place is vacant in our lives That never can be filled.

Heaven now retains their treasure Earth the lovely casket keeps, And her loved ones hold sweet memories While their darling Nellie sleeps. —L. C. B.

## QUARANTINE IN BLUFFS PARTLY LIFTED

Conditions so improved That School was Opened Thursday—Mrs. E. D. Beird and Miss Mabel Green Serve As Mail Clerks—Other News Notes of Interest.

Bluffs, Nov. 7.—Peace demonstrations were held here by the ringing of church bells and blowing of engine whistles at 12 o'clock Thursday when the report was telephoned from Springfield that universal peace had been declared.

H. G. Rockwood of Springfield, former Bluffs boy, announces the birth of a son, Frost Bassett, at their home at 432 West South Grand avenue, Wednesday, fifth child and first son.

Dave Thompson, Civil war veteran who was stricken by paralysis at his home Sunday is seriously ill. He has two sons somewhere in France.

The quarantine was partially raised Thursday and the school was opened. There are still many cases of influenza but the most serious now seem to be under control.

Mr. and Mrs. Thomas Brooks and son, Crow Brooks, of Evansville, Ind., were called to Henderson, Ky., by the serious illness of the former's sister, Mrs. Mounts Taylor. The son Crow, had arrived from Indiana for a brief visit with his sister, Mrs. B. G. Frazer and his father and mother who were visiting there and upon receiving the message from Kentucky, they left at once for that state as the sister was reported to be in a dying condition.

Mrs. B. G. Frazer has received official word that her brother,

## 160 HENS—1500 EGGS

Mrs. H. M. Patton, Waverly, Mo., writes, "I fed 2 boxes of 'More Eggs' to my hens and broke the egg record. I got 1500 eggs from 160 hens in exactly 21 days." You can do as well. In fact, any poultry raiser can easily double his profits by doubling the egg production of his hens. A scientific tonic has been discovered that revitalizes the flock and makes hens work all the time. The tonic is called "More Eggs." Give your hens a few cents' worth of "More Eggs," and you will be amazed and delighted with results. A dollar's worth of "More Eggs" will double this year's production of eggs, so if you wish to try this great profit maker, write E. J. Reefer, poultry expert, 4088 Reefer Bldg., Kansas City, Mo., who will send you a person's supply of "More Eggs" Tonic for \$1.00 (prepaid). So confident is Mr. Reefer of the results that a million dollar bank guarantee if you are not absolutely satisfied, your dollar will be returned on request and the "More Eggs" costs you nothing. Send a dollar today or ask Mr. Reefer for his free poultry book that tells the experience of a man who has made a fortune out of poultry.—Adv.

OBITUARY

Our community has been saddened by the death of Miss Nellie Cashion, which occurred at the home of her father, after a few days' illness of pneumonia following influenza.

Nellie, second daughter of Michael and Cassie Cashion was born near Jacksonville, November 27, 1901, and departed this life in Yatesville, Ill., November 2nd, 1918, being at the time of her death 16 years, 11 months and 5 days of age. She leaves to mourn her loss, her father, Michael Cashion of Yatesville; three sisters, Margaret, Marie and Clara, and one brother, Edward, all at home, besides a number of other near relatives.

Deceased was a young woman who by her sweet and affectionate nature won and retained the friendship of all who knew her. She had spent most of her short and useful life in the Yatesville community. She attended the public schools and graduated from the eighth grade in June, 1915, winning a three years' scholarship at Normal, but on account of her unselfish disposition and her consideration for home and loved ones she denied herself this opportunity. For the last year or more she has made her home with Mrs. Mary Davin, near Pleasant Plains, where she will be mourned for and missed as one of the family.

On hearing of the illness of her mother and other members of the family, she came without delay to share the household cares with her sisters. She had been home but a few days when she was stricken with influenza. She seemed to be improving when a terrible shock came in the death of her mother. In grief and excitement she suffered a relapse and pneumonia soon developed. A competent nurse was secured, Dr. Harris and Dr. Raines were called and everything possible was done to relieve her but to no avail, and in just eight days after the death of her mother, with a kind word and a smile for all and a prayer on her lips she passed into the Great Unknown. The father and remaining children have the sincere sympathy of the entire community.

Deceased was a member of St. Augustine Catholic church of Ashland, where she was ever a faithful attendant.

Short but impressive funeral services were held at the Ashland Catholic cemetery, conducted by Rev. Father Murphy, Sunday afternoon at 2:30 o'clock, after which the remains were laid to rest by the side of her mother. The bearers were James and Michael McGrath, Howard and Harold Farmer, Patrick Kavanagh and Olen Green. The many and beautiful flowers were tenderly cared for by Mrs. Edward Farmer and Miss Edith Yancy. Those who attended the funeral from a distance were: Mr. and Mrs. Louis Heister and son Harry and Emmett Ashbaker of Mt. Sterling, James and Michael McGrath of Murrayville.

A sweet and cheerful girl has left us. Left us, yes, forever more, but we know we will see our loved one Over on that shining shore.

The home is said and lonely Since Nellie went away. Tho we know her home in heaven is as bright as a day in May.

Her sweet and gentle voice is hushed, Her dear, true heart is stilled. A place is vacant in our lives That never can be filled.

Heaven now retains their treasure Earth the lovely casket keeps, And her loved ones hold sweet memories While their darling Nellie sleeps. —L. C. B.

## TUNE OF OVER THERE.

Johnnie drop you gun, drop your gun, drop your gun;  
For the battle's won, the battle's won, the battle's won.  
Hear them shouting Victory!  
Every son of Liberty!  
Pack your little kit, hurry home, do not roam.  
Make your mother glad to have had such a lad.  
And the old Red, White and Blue.

Chorus.  
Over Here, Over There, hurry back, hurry back, over here.  
For the bells are ringing.  
For the girls are singing far and near.  
So prepare, say a prayer. Send the word everywhere.  
They'll be over they're coming over.  
And they won't go back for it's over, Over There.

## WILSON SMITH WRITES LETTER FROM ENGLAND

Has Interesting Experiences As Y. M. C. A. Secretary—Is Now in France.

The Waverly Journal this week prints the following from its editor, Wilson M. Smith, who is in Army Y. M. C. A. work:

"This office has received a letter from the editor, Wilson M. Smith, who is in service overseas in the capacity of a Y. M. C. A. secretary. The letter, which was written while he was in England, has been greatly delayed, and word has since come from him that he is at work in France, and within hearing distance of the 'big noise' at the front. His letter is as follows:

In England. Not exactly the merry old England of the past, but I would say, an England with a splendid spirit and a hopeful expression that probably could not have been discerned a few months ago when the force of the German spring offensive was being felt.

England, four years of war fare have extracted a frightful cost from her people, but they are not making a show of their sorrow. Bravely and resolutely they have set themselves to the completion of the task before them and on their countenances can be seen the confidence and joy resulting from the recent successes.

London today is not the London I saw when here six years ago. The principal changes may be noted in the question of food and automobiles. Then, remarkably good meals could be had for a nominal sum. Now, foodstuffs are not only very high but difficult to obtain. By securing emergency ration cards we are permitted to have meat four meals per week and can buy a half pound of poor quality sugar per week which we carry with us as no sugar is served in restaurants or hotels. This evening we had lunch in our room, "blowing" our selves for fruit, purchasing seven very small and poor quality apples for 1 shilling 6 pence (36 cents) and a half pound of grapes for 2 shillings (48 cents.) Six years ago there was much pleasure automobile but today, owing to the scarcity of petrol (gasoline) only military transportation and business needs can be supplied.

**Familiar Characteristics.**  
While the above changes are noted, there are some characteristics of London that have a decidedly familiar look. Long lines of people are still to be seen standing for hours at most of the theatres in order to secure the unreserved seats. The innumerable omnibuses which meet most of London's surface transportation needs are still to be seen, and the islands of safety (rafts of the street) are as popular as ever with pedestrians dodging the omnibuses and other motor vehicles. As the rule of the road is to the left instead of to the right as in the United States it is somewhat confusing to Americans. We seem to have solved the problem of crossing a street by looking in a long direction and then "beating" it to an island of safety.

By a bit of good fortune I met up with two friends in New York. Frank A. Drake, principal of the Junior high school of Springfield, and D. B. Eames, formerly of Jacksonville, an intimate friend of Illinois College days. Drake and Eames were also well acquainted, having been associated with each other when Eames was in Y. M. C. A. work in Springfield a number of years ago. The three of us were together on the trip over and during our stay in London we have been rooming together.

**Had Long Stay in London.**  
Our stay in London has been somewhat longer than we anticipated, being due to our being rushed thru New York so fast that the finishing touches of our papers had to be attended to here. We have had much time to ourselves and have made good use of it in taking in the principal attraction of the city.

One of the most notable of our experiences was a special service for our group of Y. M. C. A. secretaries, held at Westminster Abbey. The service was by Bishop

Guery of the Episcopal church of South Carolina, and one of our secretaries. The service was concluded by the playing on the pipe organ of "The Star Spangled Banner." After the service Canon Carnegie of the Abbey told us that to his knowledge it was the first time "The Star Spangled Banner" had ever been played in Westminster Abbey. The Canon then took us thru the Abbey and we thus spent an instructive and delightful two hours. We have also attended services at St. Paul's cathedral, Highbury Quadrant Congregational church where J. Campbell Morgan preached, and a baptismal service at Fulham church. Disciples of Christ, where one of our secretaries who was converted at a service on the ship while on the Atlantic was baptized.

**A Pleasant Surprise.**  
I had a happy experience at the place we landed. After landing we were marched to a railway station and a train came into the station which we supposed was ours. But our "suppose" didn't last long. The order "Y. M. C. A. secretaries stand back" was heard and we did so, as a British band played "Dixie" and a column of soldiers marched down to board the train. Imagine me when I saw on their coat collars the regimental number of the boys I had been working with in an American cantonment, being the companies that were closest to our hut. Knowing these companies were made up in part of Illinois troops I immediately made myself known and found several Sangamon county boys.

A similar experience happened since our arrival in London. While in a restaurant at the Tower of London a few days ago we ran across James O'Brien of West Jefferson street, Springfield. The same thing happened yesterday noon at Eagle hut and the four of us ate dinner together. O'Brien has been a British soldier for a little over four years belonging to a South African regiment. He fought the Germans in West Africa, was in the battle of Cambrai nearly a year ago and has been in other heavy fighting on the western front. He seems to be none the worse for his four years of campaigning and is now in "Blighty" on a furlough. He and Drake had an especially pleasant visit as they had many acquaintances in common.

Just when we'll move on we don't know, but when next I write, I hope it will be from a Y. M. C. A. hut nearer the scene of activities.

## MURRAYVILLE SCHOOL WILL OPEN MONDAY

The Murrayville schools which have been closed for several weeks because of the epidemic of influenza will open again Monday. Word was received from the state board of health granting the permission.

J. H. Dial is the superintendent of schools and is glad he is going to resume his work. Miss Nelle Kimbey, registered nurse, who has been in charge of the influenza situation in Murrayville will have charge of the health of the school children.

## CONDUCTED FUNERAL

Rev. O. C. Bolman was called to Mason City Wednesday to conduct funeral services for Mrs. Abbie Earhart Barnett. Mrs. Barnett was a victim of influenza, and died at her home in Mississippi.

Mrs. Barnett was one of four members of the earliest family uniting with the Christian church during Mrs. Bolman's pastorate in Mason City.

Mrs. Bolman reports that the churches held services in Mason City last Sunday and the schools opened Monday. All the children examined by physicians each morning before the opening of school.

Funeral services for John T. Hayes will be held at Jacksonville cemetery Sunday at 1 o'clock instead of Saturday as previously announced.

## WAR WORK MEETINGS WILL BE HELD SUNDAY

Out Door Gatherings Announced by Campaign Committee—Mr. O'Hagan from War Front and Ex-Congressman Graham Expected Speakers.

At least two public meetings in the interest of the United War Work campaign will be held Sunday and it is entirely possible that a third will be definitely arranged for today. On account of the influenza these meetings are to be held out of doors. The morning meeting will be at 11 o'clock on the lawn at the north side of Academy hall, corner of College avenue and Church street.

In the afternoon a meeting will be held on the lawn at the Woman's College at 3:30 and it is the expectation that a similar meeting will be held in Liberty hall or on the ground adjoining at 2:30 in the afternoon. The chief speaker at the Academy and Woman's college meetings will be J. F. O'Hagan, who has recently returned from the western front and is said to be a speaker of real ability. At the Liberty hall meeting which it is expected to arrange ex-Congressman James M. Graham of Sangamon county is the expected speaker. Those who know Mr. Graham are fully aware that he will have something worth while to say.

Mr. O'Hagan was at the battle of Chateau Thierry during the July drive of the American troops and was gassed in one of these battles. Incidentally, he had a great collection of relics, including a German machine gun, helmets, gas masks, a trench mortar, etc. It is hoped that Mr. O'Hagan will bring these along so that they may be exhibited.

At the morning meeting, Chairman Rameknap will preside, and E. E. Crabtree will speak briefly. The Rev. Mr. Leslie will offer prayer and Father Formaz will also participate in the services. Mr. Collins will lead the singing.

Dr. Harker, county chairman of the campaign, will preside at the afternoon meeting. In addition to Mr. O'Hagan, John Butler will also speak. The Rev. Mr. Randall of Brooklyn, and Rev. Mr. Langton of Trinity will take part in the afternoon's exercises. The morning meeting is arranged especially for people in the west end of town, and the afternoon meeting for the people in the east end of town. By holding the meetings out of doors, and extending the invitation to different groups, it is hoped that the danger of any contagion will be largely eliminated. The State Health authorities have issued specific instructions permitting the War Work campaign meetings to be held. The local committee, however, do not wish to endanger the health of our citizens, and therefore, are planning the meetings out of doors.

## VISITING RELATIVES

## EVEN IN PIKE.

The political high water of Tuesday even affected Pike county, one of the most rock-rooted ballistics of the state. Of course it goes without saying that some Democrats caused the result.

But three county officers were elected by the Republicans, one being Burr Swann, editor of "The Republican" chosen county judge. It is forty years since any Republican has been elected to office in the land of Pike. The other Republicans elected were C. A. Halkey for county clerk and Theodore C. Moore for superintendent of schools.

## HAD STRAWBERRY SHORTCAKE

Thomas Barber residing north of the city, has a box of ever-bearing strawberries and yesterday brought his friend, Mr. Pate, a box of the delicious fruit enabling Mrs. Pate to make a strawberry short cake for dinner. When the writer was a boy an oft used copy was "A bushel of March dust is worth a king's ransom" and so one would be prone to remark that a box of November strawberries in an open field in Morgan County, Ill., would be worth a big price.

## WOMEN ALSO DID THEIR BIT

In the mention of the raising of funds in the coat shop at J. Capps & Sons of which Louis Mastopietro is foreman, for the United war work it said that contributions were made by fifty men. There are a number of women employed in the coat shop and they wish it understood that they also contributed to the war work fund. It is probable that the example set by the coat shop will be emulated by the other departments of the firm.
